

MATH 141 Calculus 2
Fall 2015
Quiz 1 statistics

Quiz 1 was on the easy side; if these problems were to reappear in the final, they would likely be on Part A, the answer-only section. They would each be worth 3 or 4 points (out of 100 points total in the final), and there will be no partial credit.

Mean: 16.7 out of 21.

Median: 18 out of 21. i.e. half the class scored 18 points or above.

75th percentile: 20 out of 21. i.e. a quarter of the class scored 20 points or above.

25th percentile: 14 out of 21. i.e. a quarter of the class scored 14 points or below.

10th percentile: 11 out of 21. i.e. a tenth of the class scored 11 points or below.
